We are LIVE again!!

Don't miss the opportunity to participate our 4th Annual Termite Academy!

The Pest Control Operators of California, in association with University of California Berkeley, are hosting a two day workshop on termite control.

You won't want to miss this unique training opportunity which includes lectures, hands-on activities and development sessions to help you better understand termite control and identification techniques. Learn about WDOs, writing WDO reports, sales techniques, common violations, controlling WDOs and much more.

Topics

- ✓ A comprehensive look at managing WDO's in an urban environment
- ✓ Instruction by leading local experts from the University of California, local agencies and industry experts
- ✓ Combination of classroom and field demonstrations addressing best management practices
- ✓ Limited attendance allowing for individual attention.
